DIESEL

Your Source for Precision Remanufactured Diesel Components

717-932-7000 • flightdiesel.net

Every diesel component Flight Diesel remanufactures is completely tested to assure optimum quality

- Injectors are completely disassembled, all parts ultrasonically cleaned and all mating surfaces lapped
- All nozzles are 100% cleaned and re-qualified and/or go thru the extrude hone process to bring back to OE specifications
- All injectors individually calibrated on test benches repeatable to 0.5 mm³ for delivery, response time and peak injection pressures
- All injectors are air gauged for tip seat leakage, valve operation, plunger and barrel leakage and timing plunger operation
