S50 and S60 Diesel Fuel Pumps

Flight Diesel has expanded our current aftermarket offering with remanufactured fuel pumps for Detroit™ Diesel Series 50 and Series 60 engines.

- All units are completely disassembled and precision cleaned
- Components are recertified to tight tolerance specifications
- Older cores are updated with new outboard bearing supports to ensure drive shaft stability
- All pumps are assembled with new genuine OE drive shafts, seals, bearings and relief springs
- Gears / gear pockets are sized and statically matched to ensure proper operating pressures
- Worn relief valve seats are recovered to eliminate “hung “ relief valves
- All pumps are tested 100% on a certified test stand to O.E. standards prior to packaging.

Make	Year Range	Fueling Capacity	Reference PN	Flight Diesel PN
Pre-EGR S50 & S60 Side ports w/2-lobe coupler	Pre-1999	2.12 cc/rev	23507409	FSR23507409
Pre-EGR S50 & S60 Side ports w/splined drive	Post 1999	2.12 cc/rev	23523754	FSR23523754
Pre EGR S50 & S60 Top ports w/3-lobe coupler		3.18 cc/rev	23532981 23532874 23505245 23537686	FSR23537686
Pre-EGR S50 Side ports w/3-lobe coupler		3.18 cc/rev	23511815 23518610	FSR23518610
S60 - Compressor mounted w/splined drive	2002-2003	3.18 cc/rev	23532874 23536459	FSR23536459
S60 - Compressor mounted w/splined drive	2004-2006	2.64 cc/rev	23535207 23535540	FSR23535540
