Flight Diesel has expanded the current Common Rail Injector offering to now include Piezo injectors for the 6.4L Ford® (2008-2010) and Navistar® (2007-2010) applications.

Each Piezo Common Rail injector is subject to a thorough remanufacturing process, utilizing the same successful techniques and test methods common to all injectors remanufactured by Flight Diesel. A new high pressure fuel line is included with each injector.

- Each disassembled injector is processed keeping all components together to minimize part fit variation and maintain original performance
- After assembly, all injectors are 100% tested and data is recorded for critical engine application checkpoints, to assure a quality product

Application	Year Range	Flight Diesel Part #	Ford® # Ref Only	Navistar® # Ref Only
Ford® F-250 / F-550	2008 - 2010	R8C3Z9E527A	8C3Z9E527A	N/A
Navistar® MaxxForce 7	2007-2010	R8C3Z9E527A	N/A	1873422C93
