7.3L HEUI Fuel Injectors

Flight Diesel is currently offering remanufactured Hydraulic Electric Unit Injectors (HEUI) used in Ford® Power Stroke and International® 7.3L Diesel engines. These injectors go through our thorough remanufacturing process that ensure optimum quality and reliability.

- Each disassembled injector is processed keeping all components together to minimize part fit variation and maintain original performance
- After cleaning, all injector clearances are measured with precision air gauges to confirm and prevent any fuel leakage passing the critical high-pressure components
- All air gauge data measurements are retained and stored by serial numbers and date. This step gives peace of mind that catastrophic engine dilution problems cannot occur
- After assembly, all injectors are 100% tested and data is recorded for critical engine application checkpoints, to assure a quality product

Description	Model Year	OE PN	Reference PN	Flight Diesel PN
Ford F-Series (49 States)	1994-1998			
Ford F-Series (California)	1994-1996	1822801C98 1822801C99	F8IZ9E527DRM F4TZ9VE527AARM	1836AAG
